

## 15.2 Viking Subscriber Software Point Release

Effective Release: 02/25/16

**FSN-0416-VIKING-02**

This Field Software Notice serves to announce EFJohnson's Viking® radio software 15.2 point release. This software release supersedes previous radio software versions associated with Viking series radios.

**Note: Viking 15.1 and later releases do not support Windows XP or Vista.** Microsoft discontinued Windows XP in April of 2014 creating security concerns as Microsoft is no longer creating and applying security patches. For further information on the Windows XP end of support see <http://www.microsoft.com/en-us/windows/enterprise/end-of-support.aspx>.
